Certificate of Confidence in Metrology for Cleanrooms and Associated Controlled Environments

Intermediate Level in accordance with ICEB accreditation

ASPEC certifies that **Pascal STURNY** has completed the course in metrology for cleanrooms and associated controlled environments as accredited by ICEB and has passed the examination on **June 10th 2016**.

This diploma is valid indefinitely as from the date marked on the certificate. This represents an intermediate level professional qualification, as defined by ICEB, i.e. **Pascal STURNY** has acquired a level of competence in the field of cleanroom metrology that is recognised internationally.

ICEB (International Clean room Education Board) was set up by ICCCS (International Confederation of Contamination Control Societies) to promote professional training courses that would be internationally recognised in most industrial nations.

Signed in Paris on June 13th 2016

Chairman of the Advisory and Examination Board

A. Lavergne

A handwritten signature in blue ink, appearing to read "A. Lavergne", written over a horizontal line.
